

**JOINT FEDERAL, STATE, LOCAL
PUBLIC NOTICE
September 5, 2018**

The Federal Emergency Management Agency and Florida Division of Emergency Management have received the following application for Federal grant funding. Final notice is hereby given of the Federal Emergency Management Agency's (FEMA) consideration to provide funding in the form of Hazard Mitigation Grant Program. Funds will be provided in accordance with Section 404 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended.

Under the National Environmental Policy Act (NEPA), federal actions must be reviewed and evaluated for feasible alternatives and for social, economic, historic, environmental, legal, and safety considerations. Under Executive Order (EO) 11988 and EO 11990 FEMA is required to consider alternatives to and to provide public notice of any proposed actions in or affecting floodplains or wetlands. EO 12898 also requires FEMA to provide the opportunity for public participation in the planning process and to consider potential impacts to minority or low-income populations.

Funding for the proposed project will be conditional upon compliance with all applicable federal, tribal, state and local laws, regulations, floodplain standards, permit requirements and conditions.

Applicant:

City of North Lauderdale

Project Title:

HMGP 4337-009-R – Lift Station Generators

Location of Proposed Work:

Lift Station #1 – 6491 Kimberly Boulevard, North Lauderdale, FL 33068 – (26.21772165, -80.21363667)

Lift Station #3 – 5021 SW 12th Street, North Lauderdale, FL 33068 – (26.21296322, -80.20104507)

Lift Station #9 – 500 SW 81st Avenue, North Lauderdale, FL 33068 – (26.22430436, -80.23700070)

Lift Station #16 – 8051 Southgate Boulevard, North Lauderdale, FL 33068 – (26.22878915, -80.23624995)

Proposed Work and Purpose:

To purchase and install four (4) generators to (Lift Stations 1, 3, 9 and 16)

Project Alternatives:

The alternative proposal for purchasing the additional generators would be to rent/lease from a private vendor during the hurricane seasons. Renting/leasing from a vendor for the season would depend on availability of the equipment. This option would require a signed annual agreement along with a sizeable deposit (usually non-refundable) with the chosen vendor. The impact of no action would cause a backflow within the wastewater collection system causing an overflow into residences, streets, and waterways.

Comment Period:

Comments are solicited from the public; local, state or federal agencies; and other interested parties in order to consider and evaluate the impacts of the proposed project. The comments should be made in writing and addressed to the Florida Division of Emergency Management, Teresa Sanders-Mitigation, 2555 Shumard Oak Blvd., Tallahassee, FL 32399-2100. These are due within 30 days of this notice (**September 5, 2018**). The State will forward comments to applicable regulatory agencies as needed. Interested persons may submit comments, obtain more detailed information about the proposed action, or request a copy of the findings by contacting:
